If the directory proved to be of no help, Junior would proceed next to the registry office at the county courthouse, to review the records of births going back to the turn of the century if necessary. Bartholomew, of course, might not have been born in the county, might have moved here as a child or an adult. If he owned property, he'd show up on the register of deeds. Whether a landowner or not, if he did his civic duty every two years, he would appear on the voter rolls. "Now you don't have to worry," Angel said, "about what happens to him if ever you're gone, Aunt Aggie. If he can do this, he can do anything, and you can rest easy." He clenched the steering wheel tightly with both hands, clenched his teeth so fiercely that his jaw muscles bulged and twitched, and clenched his mind around a stubborn determination to get control of himself. Slow deep breaths. Positive thoughts. Barty sat at the kitchen table, reading *Between Planets*. From time to time, Agnes discovered him watching her at work or studying Maria's face and her dexterous hands. The sedative was mild, but Phimie was asleep in mere minutes. She was exhausted by her long ordeal and by her recent lack of sleep. "Both. Brain and heart. But I've thought it through, Daddy. More than anything in my life, I've thought this through." "I thought so," Angel said, dubiousity squinching her face. "Mrs. Ornwail made me cheese." The nurse led the way, while the orderly pushed the gurney from behind Barty's head. I have trusted in thy mercy, she thought desperately, reaching for comfort to Psalms 13:5. PERRI'S POLIO-WHITTLED body did not test the strength of her pallbearers. The minister prayed for her soul, her friends mourned her loss, and the earth received her. Harrison and Grace had welcomed him in spite of the fact that a friend and parishioner had died on Thursday, leaving them both bereft and with church obligations. Done with dolls for now, Barty and Angel went upstairs to his room, where the book that talked waited patiently in silence. With her colored pencils and a large pad of drawing paper, she clambered onto the cushioned window seat. Barty sat up in bed and switched on the tape player that stood on the nightstand. The man's voice echoed hollowly in Junior's ears, as if coming from the far end of a tunnel. Or from the terminus of a death-row hallway, on the long walk between the last meal and the execution chamber. "If you don't, your feeling gland isn't working. Want me to read you to sleep?" "Love you," Wally said, and Celestina repeated it, and he said, "I'm gonna stand in the hall till I hear you set both locks." The blonde was coming on to him, just as a score of other women had done since his arrival, so Junior tried to balance seduction with information gathering. Putting his hand over the hand with which she was gently massaging his thigh, he said, "I knew her brother in Nam. Then I got wounded, shipped out, lost touch. Like to find him." "You'll be out of ICU tomorrow, I bet. You'll have a phone, I'll call. And I'll come soon as I can." The air was spicy with incense and with the fragrance of the lemon oil polish used on the wooden pews. "September 27, 1962. Barcelona, Spain. A flood killed four hundred forty-five people." exercise. Although they expected him to be dizzy, he had no difficulty whatsoever with his balance, and in spite of feeling a little drained, he wasn't as weak as they thought he was. He could have toured the hospital unassisted, but he played to their expectations and used the wheeled walker. Looking down at Barty, Agnes saw the ghost of Joey in the baby's face, and although she half believed that her husband would be alive now if he had never tempted fate by putting such a high price on his wife, she couldn't find any anger in her heart for him. She must accept this final generosity with grace-if also without enthusiasm. He had sworn this vow before. An argument could be made that he had broken it. The boy's difference was defined as much by what he didn't do as by what he did. For one thing, he didn't observe the Terrible Twos, the period of toddler rebellion that usually frayed the nerves of the most patient parents. No tantrums for the Pie Lady's son, no bossiness, no crankiness. He halted, made a quick calculation, turned, and moved toward where the back door ought to be. He found it half open.
